Key		Description
A		Message Waiting Lamp
B		**Navigation keys and select button**—Multi-directional navigation keys that allow you to navigate through the phone's UI. The right, left, and center navigation keys are used as softkeys.
C		**Settings key**—Provides services and static settings that allow you to customize your phone.
D		**Goodbye key**—Ends an active call. The **Goodbye** key also exits an open list (such as **Call History**) and menus (such as the **Static Settings** menu) without saving changes.
E		**Redial key**—Redials the last manually dialed number displayed on the LCD screen.
F		**Hold key**—Places an active call on hold. To retrieve a held call, press the applicable **Line** key. For more information, see Placing a Call on Hold or Off Hold on page 11.
G		**Prime Line key** —Line or Call Appearance Keys - Connects you to a line or call. The Mitel 6905 IP phone supports one line key with an LED indicator light.
H		**Mute key**—Mutes the microphone so that the caller cannot hear you. The LED beside the key turns on when the microphone is on mute.
I		**Volume controls** —Adjusts the volume for the ringer, handset, and speakerphone. Pressing these keys during an active call adjusts the volume of the audio device being used (handset or speaker).
J		**Speaker**—Transfers the active call to the speaker.
